RESOLUTION—No. 947 Medl.

Minister-in-charge: The Hon'ble Mr. S. Chakravarti.

READ—

The triennial report on the working of hospitals and dispensaries in Bengal during the years 1923, 1924 and 1925.

The effects of the great war having to a great extent died out during the previous triennium, the one under review opened with encouraging prospects all round. The financial difficulties so keenly felt in the previous triennium disappeared to a large extent, and many schemes, which had to be postponed for want of funds, were taken up. The Legislative Council having in 1924

refused the salaries of the Ministers, the administration of the Medical Department was taken up directly by His Excellency the Governor, and the Standing Committee, which had been formed with four non-official members of the Council and the Surgeon-General, came automatically to be dissolved with the prorogation of the Council. Although the department thus came to be treated as a reserved department, its requirements none the less received due consideration and were provided for as far as possible.

Improvement in pay and prospects of officers in the Medical Department.—In pursuance of the recommendations the Royal Commission rules were made by the Secretary of State revising the pay and pension of superior Civil Service officers. The scales of overseas pay of Indian Medical Service officers were revised, and the new rates took effect from the second year of triennium. A new revised scale of pay was sanctioned for the compounders in Government hospitals and dispensaries, and it also took effect from 1st April 1924.

Medical Research.—The School of Tropical Medicine and Hygiene with its attached hospital, which was opened in the previous triennium, more than justified its existence. It maintained the high standard of efficiency in the sphere of medical education and research which had marked its progress in the previous triennium. Since the opening of the school very substantial results have been obtained from the investigation of kala-azar, hookworm and other intestinal infections, filariases, diabetes, beri-beri, epidemic dropsy, etc., and from the study of the indigenous drugs and cinchona.

A discovery with great possibilities regarding the transmission problem of kala-azar has been made, and the improvement in the treatment of the disease by the newer preparations of antimony and the cheapening of these drugs have been greatly promoted by the work of the school.

Tropical medicine is a highly specialised medical subject, and it is considered that specialists only are competent to examine students in this branch of medicine. A permanent body called the "Faculty of Tropical Medicine of Bengal" was accordingly constituted in 1923 for the conduct of examinations, grant of diplomas and licenses to students trained in the school.

The popularity of the post-graduate courses in the school continued unabated, and students were often deputed by other Governments for training in the school.

The Indian Research Fund Association bore the cost of two Professors in the school and financed a number of special researches which were conducted by the members of the staff.

Medical Education.—Medical education has become very popular in Bengal, and the medical colleges and schools can hardly accommodate a fraction of the candidates applying for admission. The need for medical men of the licentiate class who will agree to settle and practise in the mufassal is greatly felt, and it has become necessary to multiply the number of medical schools to obtain men of this class.

A notable advance has been made in this sphere of medical education, and attempt is being made to meet the increasing demand for medical schools. The fourth school at Mymensingh was opened in 1923, with accommodation for 200 students. It has also since been definitely decided by Government that five more medical schools should be opened at Jalpaiguri, Chittagong, Berhampore, Barisal and Chinsura, where local conditions for the establishment of new schools are favourable.

A serious bar to this extended programme of medical schools lay in the difficulty hitherto experienced in meeting the increased recurring expenditure, though it is easy for Government to meet the capital outlay from its provincial surplus. It has therefore been decided that Government will undertake to defray the entire capital cost, while the local contributions will be invested and the proceeds utilised in meeting the recurring cost of these new institutions. It does not, however, mean any relaxation in the conditions hitherto imposed, viz., that the local hospital should be raised to 100 beds, the cost of upkeep of the extended hospital should be met locally, and that a

substantial contribution should be made by the local people towards the capital cost of the school as well.

The Jalpaiguri and Chittagong medical schools have been sanctioned, and it is expected that the construction of the buildings will shortly be commenced. This extended programme coupled with the change in policy will, it is hoped, go far in solving the needs of medical education in Bengal.

Government in the Ministry of Medical Department have noticed with pleasure the part that has been played by private promoters to advance the cause of medical education by helping towards the establishment of medical schools. The Calcutta Medical Institute is a case in point. This school, which has a well appointed hospital attached to it, has been established in Calcutta purely by private enterprise. It has succeeded in obtaining recognition from the Council of Medical Registration, though for a period of five years for the present. Several other private medical schools have been started, but none have so far attained recognition.

The recognition of medical colleges in Bengal has been withdrawn by the General Medical Council of Great Britain on the ground of the insufficiency of gynæcological training given to the students. An attempt has been made to increase the number of labour cases available by extending the Eden Hospital at a considerable cost and adding an Extern Maternity Department to this institution. It is hoped that the Council will again accord recognition to these institutions after the Inspector to be deputed by the Council has held his investigation into the medical education imparted in the province.

Medical Relief.—The hope expressed in the last review of an accelerated progress in the establishment of new dispensaries in the mufassal has been more than fulfilled. New dispensaries were established in this triennium at the average of 58 dispensaries per year, as against 31 in the previous triennium. The net increase was 173 dispensaries over the previous triennium, after making allowance for 10 dispensaries closed and 4 included in the boundaries of the Calcutta city. Of the newly opened dispensaries, 22 are private aided and 148 come under the head of local fund institutions.

Union boards played an important part in this connection, and as many as 65 new dispensaries were established by these bodies. A number of temporary dispensaries and kala-azar centres were also maintained by the local bodies. An impetus to the establishment of new dispensaries has been given by the policy, inaugurated in 1922, of giving Government subsidy at the rate of Rs. 500 per thana and Rs. 250 per village dispensary. The grant was originally made for three years, and it has since been decided to continue it for another three years. The resources of local bodies are slender and do not admit of expansion with demand. They are naturally reluctant to undertake measures involving increase in the recurring cost of maintenance, and it is believed that could they rely on the continuance of this subsidy the establishment of new dispensaries in rural areas would have resulted at a faster rate.

The triennium closed with 32 hospitals and dispensaries in Calcutta, the net addition being by 8 institutions. There were many up-to-date improvements and extensions to these hospitals, one of the most noticeable among the new institutions being the hospital attached to the Calcutta Medical Institute with 40 beds. This hospital, like the school to which it is attached, has been started and is maintained entirely as a result of private enterprise. Nine beds were added to the Eden Hospital and 34 beds to the Carmichael Medical College Hospitals owing to the opening of an infectious ward. The Sree Vishudhananda Saraswati Marwari Hospital, a private non-aided institution, showed also a commendable increase of 133 beds. The new Eye Hospital was completed with an accommodation of 128 beds. The Ear, Nose and Throat Department in the Medical College and a Dental Department in the Presidency General Hospital were opened during the triennium. An out-door Ophthalmic and an out-door Gynaecological Department were opened in the Sambhu Nath Pandit Hospital. The staff of nurses in the Calcutta hospitals increased from 422 to 441.

The number of institutions, the accommodation and attendance in these hospitals in the triennium under review, as compared with those in the previous triennium, will appear from the following statement :—

	1920—22.	1923—25.	
I.—Number of institutions—			
In Calcutta	24	32	
In mufassal	859	1,032	(Allopathic only).
II. —Number of beds —			
In Calcutta	2,857	3,086	
In mufassal	4,926	5,309	
III.—Number of patients—			
In Calcutta—			
In-patients ...	123,059	129,762	
Out-patients ...	1,243,038	1,313,158	
In mufassal—			
In-patients ...	204,408	199,112	
Out-patients ...	21,641,384	21,373,273	

In the opening year of the triennium, the out-door attendance in the Government hospitals showed a considerable falling off, owing to the system of charging fees from patients. The system, which was introduced in January 1923 with the object of tapping a new source of income to meet the growing expenses of medical treatment, was unpopular and had to be abolished in July of the same year.

Both in Calcutta and the mufassal malaria supplied the largest number of patients. Kala-azar was accountable for the next largest number, providing more than three times the number in the previous triennium in Calcutta and more than seven times than that in the districts.

Excluding opening balance, the total receipts of classes I, II and IV institutions in Calcutta amounted to Rs. 88,80,529, as compared with Rs. 87,72,883 during the preceding triennium. Of this amount Government contributed Rs. 55,15,557 as compared with Rs. 61,40,717, while Rs. 3,72,634 was received from subscriptions and donations and Rs. 50,80,702 was spent on the upkeep of the Government institutions.

The total income of the district institutions amounted to Rs. 62,80,943, while their maintenance cost Rs. 58,79,077. The local fund contributions were over 30 lakhs and those from municipalities were 6 lakhs.

Indigenous and other systems of medicines.—The non-allopathic systems also showed a marked degree of activity Forty homeopathic and 14 Ayurvedic dispensaries were in operation in the triennium. The number of Unani dispensaries remained the same as in the previous triennium, viz., 24 in number.

The Tibbi and Ayurvedic Committee, which were convened by Government in 1921, submitted their reports. The recommendations of the Tibbi Committee were found unworkable and had to be shelved. The report of the Ayurvedic Committee is still under the consideration of Government.

Pasteur Institute.—The most outstanding event of the triennium was the establishment of a Pasteur Institute in Calcutta in 1924. The institute at once leaped into popularity, and the steady influx of patients since appears to have more than justified its establishment. During the first seven months of its existence 1,995 patients were treated, whereas in the second year the number receiving treatment swelled to 5585.

Nursing.—The new nurses quarters at the Medical College Hospital were opened in 1923. The Surgeon-General reports that the number of applicants for the general and maternity training during the last three years was satisfactory and that it is now possible to maintain the staff at the maximum number allowed. The need of nursing arrangements is most keenly felt in the mufassal hospitals, but no organised system could be

introduced for want of funds. Mention may be made of the following hospitals in the mufassal which employed nurses in their hospital staff:—Fraser Hospital, Burdwan, Walker Hospital at Bolepur, Seranga Mission Hospital, the Mitford Hospital, Dacca, the Imambarah Hospital, Hooghly, the Berhampore Sadar Hospital, the Mymensingh Sadar Hospital, the Chittagong General Hospital, the Darjeeling Victoria Hospital and the Kalimpong Mission Hospital.

Arrangement has been made for the training of male nurses at the Suri Sadar Hospital, and a proposal is under consideration for the training of male nursing orderlies in the Campbell Hospital.

Mental Hospitals.—On the opening of the Indian Mental Hospital at Ranchi in October 1925, the inmates of the Berhampore Central Mental Hospital were removed there during the year, while the transfer of patients from the Dacca Mental Hospital, which was also commenced soon after, was completed after the year was over. Both these institutions have been closed.

The buildings at Ranchi have been completed at a great cost, and the patients are accommodated and treated there in accordance with up to date methods. The cost of the institution is shared between the Governments of Bengal and of Bihar and Orissa in the proportion of $\frac{3}{4}$ths and $\frac{1}{4}$th.

Increased association of independent medical practitioners with Government hospitals.—In 1923, Government sanctioned the establishment of a department for the treatment and teaching of the diseases of the ear, nose and throat in the Medical College Hospitals, and a specialist who agreed to work without remuneration was appointed to be in charge. Further, the appointment of two independent medical practitioners—Sir K. C. Bose and Major H. Suhrawardy—was also sanctioned in this connection. A scheme has since been sanctioned by Government for the regular association of independent medical practitioners in the work of the institution. The details of the scheme are under consideration. It is intended that after the prescribed course of training, these practitioners will attain the full status of physicians and surgeons in the hospital.

Strengthening of the Medical College staff.—Another important departure was made in strengthening the staff of the Medical College, Calcutta, by the creation of two additional appointments and throwing them open to two senior officers of the Bengal Medical Service.

Diseases. Malaria.—As in the previous triennium, malaria counted the largest number of victims, the number treated being one-third of the total number of patients attending dispensaries. Treatment by injection of quinine salt met with satisfactory results. During the triennium 4,666 lbs. of quinine were purchased by mufassal hospitals and dispensaries from the Juvenile Jail, Alipore, at a cost of Rs 1,18,408. Quinine worth Rs. 5,05,339 was sold by the Jail through post offices in Bengal during the years 1924 and 1925. Owing to the high price of the drug, the chronic poverty of mufassal hospitals and dispensaries, and the high efficiency of cinchona in malaria, extensive use was made of the residual alkaloids of cinchona febrifuge.

Kala-azar.—A notable feature of the triennium is the vast expansion of anti-kala-azar work. Local bodies, in particular, evinced very great keenness in undertaking special measures for combating the disease by the establishment of numerous treatment centres in the mufassal.

Cases of kala-azar were diagnosed in increasing number and the patients treated in this triennium vastly outnumbered the patients treated in the previous triennium. This will be evident from the fact that the number of cases diagnosed as kala-azar amounted to 1,31,907 in 1925 as opposed to 11,023 in 1922. The increase is attributable to the better knowledge of the disease, readier method of diagnosis, and greater popularity of the intravenous injection.

Leprosy.—This disease is treated chiefly in the three leper asylums at Gobra, Raniganj and Bankura. The first is maintained by Government, while the other two are managed by the Mission to Lepers helped by Government contributions. A well-equipped Leprosy Research Department has been established in the School of Tropical Medicine, Calcutta. It is financed by the Indian Research Fund Association and the Tropical School Endowment Fund. Splendid results have been achieved as the result of enquiries conducted in this department by Dr. E. Muir, M.D., F.R.C.S.

Leprosy has now been proved to be highly amenable to treatment in its earlier stages, the great value of treatment in out-patients' clinics has been demonstrated and improvements in treatment by Chalmugra and Hydrocarpus derivatives have been effected.

For the effective administration of the Lepers Act settlements with much larger accommodation for the detention and treatment of lepers are necessary. The establishment of a leper colony at Midnapore, the project for which has been administratively approved and the necessary land acquired, has, however, been held up on account of the unsatisfactory nature of the water-supply in the colony. The enquiry conducted in this regard by the Chief Engineer, Public Health Department, has not so far produced satisfactory results. It is intended to make further enquiries in the ensuing summer season.

Venereal diseases.—There are out-patients' clinics for the treatment of this disease in some of the Calcutta hospitals and in the Mitford Hospital at Dacca. The only special hospital for combating this disease is the Voluntary Venereal Hospital for females at Alipore. As a result of the visit of the delegation from the British Social Hygiene Council, the arrangements for treating this disease in this Presidency have been found to be unsatisfactory and comprehensive proposals for improvement in this connection are under the consideration of the Surgeon-General with the Government of Bengal.

Financial assistance from the public.—Generous donations from the public continued to be received. Offers of liberal donations and subscriptions, both from private individuals and local bodies, have been received in connection with the different projects for the establishment of medical schools in this province. Mention may be made of the legacy of over Rs. 50,000 left by Mrs. Joy Chandi Dutta for the comforts of the Indian patients in the Medical College and the Mayo Hospitals.

Concluding remarks.—The policy of giving aid to local bodies to start dispensaries at the headquarters of thanas and in rural areas adopted by Government produced on the whole satisfactory results, though the sites have not in all cases been judiciously selected and the new dispensaries have not always been opened at the places where they are most needed.

The contrast between the proportion of assistance given by Government and by local bodies, respectively, to institutions in Calcutta and the corresponding ratio in the mufassal is glaring and calls for some remarks The justification lies in the fact that patients are attracted from all parts of the province to the Calcutta hospitals where facilities for research and training of medical students are amply afforded, which tend to the benefit of the whole province.

The thanks of Government are due to Major-General B. H. Deare, C.I.E., I.M.S., and Major-General R. Heard, C.I.E., K.H.S., I.M.S., and other officers who held charge of the responsible office of the Surgeon-General with the Government of Bengal during the period under review for their efficient administration of the department and to the medical officers and staffs of the several institutions for their good work.

(Ministry of Medical Department),

J. G. DRUMMOND,
Secretary to the Government of Bengal.

Forecast of the *Rabi* crops of Bengal for 1926-27.

[NOTE.—On an average of the five years ending 1924-25, the area under summer rice in Bengal has represented some 0·5 per cent. of the total area under rice in British India.]

Character of the season.—The rainfall in September and the early part of October was adequate for the preparatory tillage and sowings which commenced at the normal time. Drought till the third week of December affected the growth of the early-sown crops to some extent. Likewise heavy rainfall in the end of December and the middle of January and February also proved detrimental to crops then maturing. On the other hand, later crops benefited by this rainfall. On the whole the season may be regarded as a fair one for the crops.

Acreage.—The normal area under the different *rabi* crops in the Province dealt with in this forecast is estimated at 3,110,800 acres. The area actually sown this year is reported to be 2,753,300 acres as against 2,735,600 acres last year. Of this, the area under *summer* (boro) *rice* is returned at 408,200 acres as against 374,900 acres last year and that under *tobacco* is 295,200 acres as against 293,400 acres last year.

Outturn.—According to District Officers' estimates, the outturn of the different *rabi* crops for the Province as a whole works out to 77 per cent. of the normal as against 76 per cent. last year, the returns from the more important *rabi* districts being as follows:—

Nadia 66, Murshidabad 63, Jessore 54, Khulna 32, Burdwan 65, Midnapore 83, Rajshahi 68, Jalpaiguri 92, Rangpur and Pabna each 100, Malda 71, Dacca 77, Mymensingh 60, Faridpur 79, Bakarganj 64, Tippera 62 and Noakhali 83.

Summer rice and tobacco crops.—The outturn of *summer rice* according to district estimates is 72 per cent. of the normal as against the same figure last year. The gross yield of the crop for the Province on a basis of the normal yield of 14 maunds of clean grain per acre, is estimated at 151,200 tons this year as against 138,800 tons last year.

The outturn of *tobacco crop* is estimated at 93 per cent. of the normal as against 92 per cent. last year. Taking 9 maunds as the normal yield of the crop per acre, the gross yield of the crop for the Province is estimated at 90,800 tons this year as against 89,200 tons last year.

Normal	The increase in area in some cases is due to the fact that some area which was not provisionally cultivated has this year been utilized and in some cases the decrease in area is due to the fact that a good portion of land was left uncultivated owing to accumulation of rain water and flood water in the fields. The weather was not favourable at sowing time but recent rains have helped the growth of the crops. The outturn is below the normal owing to damage caused by the scarcity of rain throughout.

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of the Bengal Electoral Rules,

and

In the matter of the election of a member of the Bengal Legislative Council from the Dacca West Rural Muhammadan constituency of the said Council,

and

In the matter of Raihanuddin Ahamad, of 40, Bhajahari Shaha Street, Dacca—Petitioner,

versus

1. Maulvi Abdul Latif Biswas, B.L., Pleader, Manikganj,
2. Maulvi Abdul Ghany Chaudhury, B.L., Pleader, Zindabahar Lane, Dacca—Respondents.

The humble petition of the abovenamed petitioner.

MOST RESPECTFULLY SHEWETH:

1. That for the purpose of the last Bengal Council General Election of the Dacca West Rural Muhammadan Constituency comprising the two subdivisions of Manikganj and Munshiganj of the Dacca district, polling was held at 36 centres including Munshiganj, Bajrajogini, Sonarang, Lauhajang, Siddeswari, Kalma, Bhagyakul, Shekharnagar in Munshiganj subdivision, and Manikganj, Baira, Saturia, Daragram, Gheore, Daulatpur, Jhitka and Shibalaya in Manikganj subdivision.

2. That the election was held at Munshiganj, Bhagyakul, Manikganj, Saturia, Kalma, Bangabariahat, Maluchi and Gheore centres on the 17th November last and at the rest of the abovenamed centres on the 20th.

3. That the petitioner and the respondents were nominated as candidates for election from the aforesaid constituency at the last General Election of the Bengal Legislative Council, and that the petitioner polled 911 votes and the respondents Nos. 1 and 2 polled 1,753 and 825 votes respectively, and consequently the respondent No. 1 was declared "Returned" as a member of the said Council.

4. That the Respondent No. 1 submitted his Return of Election Expenses on the 20th December 1926 last.

5. That the declaration about Respondent No. 1 as elected and returned and his election as Member of the Bengal Legislative Council are illegal and void, and should be so held on the following amongst other grounds:—

(1) For that the election of Respondent No. 1 was not the result of a free election but was procured and induced by corrupt practices by which the result of the election was materially affected and vitiated, viz :—

(*i*) **Bribery:**—

(*a*) Payment of money to some of the voters of Munshiganj, Kalma, Shekharnagar, Baira, Maluchi, Daulatpur, Harirampur and Baneajuri centres on behalf of Respondent No. 1 with a view to secure the votes of these persons for the said respondent at the said election. The corrupt practices by and on behalf of Respondent No. 1 at Baneajuri centre were brought to the notice of the Presiding Officer.

(*b*) *Treating the voters.*—A large number of voters at Lauhajang, Bhagyakul, Kalma, Manikganj, Baira, Saturia, Daragram, Baneajuri, Harirampur, Gheore, Daulatpur and Bangabariahat centres were entertained with sweetmeats, *pan*, and smoke, at Maluchi centre with *dui chira*, at Munshiganj centre with sweetmeats, tea, biscuits, *pan* and smoke, and at Sonarang and Bajrajogini centres with *pan* and smoke, on behalf of Respondent No. 1, and thus were induced to vote for Respondent No. 1.

(*ii*) **Offer of bribe:**—

(*a*) Respondent No. 1 offered Rs. 2,000 to Respondent No. 2 at his residence in Zindabahar Lane, Dacca, on 3rd of October or thereabout with the object of inducing him to withdraw his candidature at the last General Election.

(*b*) Maulvi Abdul Malek, an agent of Respondent No. 1 promised to pay to Choudhury Abdur Rouf of Banori the sum of Rs. 150 on or about 20th October at Marichadi on behalf of Respondent No. 1 to induce him to vote for Respondent No. 1 and also to secure the votes of other voters for the said Respondent No. 1. He, as well, offered money at Kalikal on or about 18th November to Abdul Gani Bepari of Kalikal to purchase votes of the voters of his union and also promised at Dulkuir on or about 18th November to pay Rs. 40 for the purchase of a *degchi* for the Dulkuir Mosque in order to induce the voters of that locality to vote for Respondent No. 1.

(*c*) Munshi Abdul Habib Biswas, the father of Respondent No. 1, offered money at Jhitka Hat in the beginning of November to Dr. Ilahadad Khan of Charmukundia to purchase votes of the voters of Azimnagar union at Rs. 2 per vote.

(*d*) Munshi Muhammad Omar of Munshiganj, an agent of Respondent No. 1, offered money in November at Charkewar to Munshi Taizuddin Ahmad, the President-Panchayet of Charkewar union, to purchase votes of the voters of the said union for Respondent No. 1.

(*iii*) **Undue Influence:**—

(*a*) One Peer Nowab Mean of Badurpore in the district of Faridpur, the brother of the well-known Peer Badsha Mean of East Bengal, being requested by Respondent No. 1, issued two letters to his innumerable disciple-voters, before the election, directing them to vote for Respondent No. 1. One Osman Munshi, a canvasser of Respondent No. 1, with the connivance of his brother Sharitullah Munshi, the agent of Respondent No. 1, attempted at Bhagyakul centre on the election day to induce the voters present at the polling station to vote for Respondent No. 1, threatening them that if they disobeyed the written order of the Peer Saheb they would turn "Kafers" (heretics).

(*b*) One Khandkar Rakib Uddin of Ghonapara, father-in-law's father-in-law of Respondent No. 1, is a Peer (spiritual guide) of a number of voters of Aruyal, Ulail, Kanchanpur, and other neighbouring unions. He acted as a canvasser for Respondent No. 1 and was present at the polling station at Maluchi centre. He, taking advantage of his position as Peer, induced some of the voters present to vote for Respondent No. 1, threatening them with divine displeasure if they failed to do the same.

(*c*) Respondent No. 1 is the Secretary of the Manikganj Central Co-operative Bank. He threatened the members of the Rural Banks who were voters, with evil consequences if they failed to vote for Respondent No. 1 and thereby interfered with the free exercise of their electoral rights.

(*d*) On the election day at the Sonarang School compound Dr. Kazi Shafiullah, an agent of Respondent No. 1, paid Rs. 5 to Akhiluddin Bepari of Matakpur in Tongibari police-station and also Rs. 5 to the Sonarang Moslem Samiti. Akhiluddin Bepari, Nural Haque, the Secretary of the Samiti, and other members of the Samiti forcibly took some of the voters of the Sonarang centre into a room adjoining the polling centre, and threatened them with evil consequences if they did not vote for Respondent No. 1. They also treated the said voters with *pan* and smoke and thereby induced them to vote for Respondent No. 1. This was, then and there, brought to the notice of the Presiding Officer.

(*iv*) **Personation:**—

(*a*) One Nabu Shekh of Kumarkandi, though not a voter himself, was induced by Rakibuddin and other agents of Respondent No. 1 to apply for a ballot paper in the name of his brother Ichhu Sheik, voter No. 1 of Kanchanpur union, at Maluchi centre and he did vote for Respondent No. 1. The fraud was immediately detected and brought to the notice of the Presiding Officer.

(*b*) One Tamizuddin Biswas, voter No. 49 of Baira union, did not attend the Harirampur polling centre, but his son, being induced by the agents of Respondent No. 1, applied for a ballot paper in the name of his father and voted for Respondent No. 1.

(*c*) One Isoo Matbar, voter No 10 of Latakhola union, died in October last, and his vote was recorded for Respondent No. 1 at Harirampur centre at the instigation of Abdul Habib Biswas, the father of Respondent No. 1.

(*d*) One Dagu Biswas, voter No. 12 of Latakhola union, was ill and could not attend polling station. His son Ghani Biswas, being induced by Abdul Habib Biswas, the father of Respondent No. 1, applied for a ballot paper in the name of his father and voted for respondent No. 1 at Harirampur centre.

(*e*) One Abdur Rahman Sheikh of Mandra, voter No. 2 of Bhagyakul union, was not at home and did not attend the election at the polling centre at Bhagyakul; but his younger brother Hosainuddin, being instigated by Osman Munshi referred to in paragraph 5 (*iii*) (*a*), applied for a ballot paper in the name of his brother and voted for Respondent No. 1.

(*f*) One Baroo, who is a voter both of Bharuria union under No. 37 and of the Hatipara union under No. 6, voted twice at Bangabaria centre, being influenced by Abdul Majid Biswas, the father-in-law of Respondent No. 1.

(*v*) **Payment of conveyance:**—

(*a*) Boats were hired and paid for by Munshi Md. Omar and Osman Munshi, the agents of Respondent No. 1 on 20th and on 17th November respectively, to carry voters to and from Siddheswari and Bhagyakul centres.

(*b*) Ferry charges for the voters who promised to vote for Respondent No. 1 at Baira centre were paid by Babu Jogesh Chandra Basak, the Head Clerk of the Manikganj Central Bank, on behalf of Respondent No. 1.

That there have been numerous instances of corrupt practices on the part of Respondent No. 1. A list, stating some of the corrupt practices not enumerated in detail in the petition, is enclosed herewith. Your petitioner craves leave to submit a supplementary list hereafter.

(2) For that the Respondent No. 1 in his return of election expenses has deliberately suppressed certain items and greatly minimised other items of receipts and expenditure. The said return is consequently false in material particulars. A few instances of which are shown below:—

(*a*) The Respondent No. 1 himself canvassed in the 2nd week of October in Munshiganj subdivision in hired boats and personally attended the election of Baneajuri centre; but in the return he has not shown any such expenditure.

(*b*) Munshi Abdul Habib Biswas, the father of Munshi Abdul Majid Biswas, the father-in-law of Khandokar Rakibuddin, the father-in-law's father-in-law of Respondent No. 1, as well as Kazi Golam Nabi of Bilbharat, Maulvi Shamsuddin Muhammad of Baira, Maulvi Ghaniulbaki of Saidabad, Salimuddin Biswas of Putail and many others canvassed in hired boats in Manikganj subdivision, and Osman Munshi referred to above, Abdul Barik Bhuya of Rampal, Osimuddin Ahmad of Kalikal, Abdul Khaleque of Ransha and many others canvassed in Munshiganj subdivision in hired boats for Respondent No. 1. But these expenses have not been entered in the return.

(*c*) Gyasuddin Ahmad, the Supervisor of Manikganj Central Bank, remitted Rs. 20 by money-order by the end of October last to one Sultan Ahmad of Banori on behalf of Respondent No. 1. He also remitted Rs. 50 to one Muazzam Hossain of Talbashail, and Rs. 60 to Khandakar Rakibuddin by telegraphic money-order in the middle of November last on behalf of Respondent No. 1. These remittances were made to meet the election expenses of Respondent No. 1, but these items have not been shown in the return.

(*d*) In the beginning of November Munshi Muhammad Omar, Secretary to the Munshiganj Moslem Samiti, paid Rs. 110 to Dr. Kazi Shafiullah of Munshiganj and Rs. 100 to Amjed Ali Bepari of Ariyal, the nephew of Khaleque Khalifa of Munshiganj, to meet the expenses of canvassing for Respondent No. 1. But these items have not been shown in the return.

(*e*) Munshi Abdul Hakim Bikrampuri of Munshiganj, the President of the Moslem Samiti, got Rs. 400, and Munshi Muhammad Omar, the Secretary of the Samiti, got Rs. 550 by telegraphic money-order in November last from Respondent No. 1 to meet the expenses for canvassing, but only Rs. 50 and Rs. 125, respectively, have been shown in the return against their names.

(*f*) Fazlu Mean, the son of Imdaduddin Muktear of Munshiganj, received Rs. 75 by telegraphic money-order in the middle of November last from Respondent No. 1 to meet the expenses of election. This has not been shown in the return.

(*g*) Respondent No. 1, personally paid Rs. 50 on or about 10th October last to Munshi Muhammad Omar, Secretary of Munshiganj Moslem Samiti, to meet the expenses of canvassing for Respondent No. 1. But this has not been shown in his return.

(*h*) Respondent No. 1 went to Munshiganj on or about 18th December last and personally paid Rs. 125 to said Munshi Muhammad Omar, and promised to pay a further sum of Rs. 200 as election expenses. These items have not been shown in the return.

(*i*) The travelling allowance shown at page 4 of the return, specially those against the names of Babus Arun Chandra Ray, B.L., Monmohan Basak, B.L., Babu Sarat Chandra Bose, B.L., Dines Chandra Sarkar, B.L., are quite inadequate and cannot be true.

(*j*) Respondent No. 1 in his return has mentioned the solitary name of one Mozaffar Ali Khan as his canvasser in Manikganj subdivision, showing only Rs. 75 as his remuneration and travelling allowance. The return shows that this amount was paid after the election was over. But, in fact, the Respondent No. 1 had many other canvassers in Manikganj subdivision, including those mentioned in paragraph 5 (*2*) (*6*) above. He has not shown any item of expenditure either in the shape of remuneration or of conveyance for those canvassers.

(*k*) Respondent No. 1 received by telegraphic money-order Rs. 500 from Dr. A Suhrawardi, the leader of the Moslem Independent party, by the middle of November last. The Respondent No. 1 also received money on other occasions from the same and other sources, for election purposes. But none of these items have been shown at page 1 of his return.

6. That the return having been submitted in violation of the express provision of the Electoral Rules and Regulations, Respondent No. 1 is not entitled to continue to sit as Member of the Bengal Legislative Council under Rule 5 (*4*).

7. That in addition to the aforesaid grounds your petitioner humbly begs to urge the following amongst other grounds which would render the General Election null and void and liable to be set aside:—

(*a*) (*i*) That the Electoral Roll of Gala union was prepared by Munshi Abdul Habib Biswas, the President-Panchayet of the same union and the father of Respondent No. 1, while the Respondent No. 1 was sitting as a Member of the Bengal Legislative Council of the said constituency. Knowing full well that his son would stand again as a candidate for election from the said constituency and he himself having great influence on the voters of the same union increased the number of voters of the union by illegally inserting in the electoral roll the names of persons not qualified to be voters under rule 8 (*1*) (*d*) of the Bengal Electoral Rules, 1926, Schedule 11, section 3 (*1*) (*c*). A few instances are given below:—

(1) Alimuddin Shikdar, No. 15, Zainuddin Khan, No. 41, Samiruddin, No. 48, Iad Ali Shekh, No. 70, Zain Uddin Mallik, No. 84, Gandu Shekh, No. 90, Asim Uddin Mollah, No. 102, Zarip Mollah, No. 107, Zahar Uddin Biswas, No. 115, Manik Biswas, No. 117 of the Electoral Roll of the Gala union paid less than Rs. 2 and Mantaz Uddin Mollah, No. 12, Reazuddin Mollah, No. 25, Khorshed Ali Khan, No. 32, Komor Ali Shekh, No. 38, Pachai Shekh, No. 98, Amir Uddin Shekh, No. 103, Kedar Mollah, No. 105, Menaz Uddin Mollah, No. 110, paid no union rate in the year previous to year of election.

(2) Munshi Abdul Habib Biswas lives in joint family with his sons, Ali Hossain Biswas and Maulvi Abdul Latif Biswas, the Respondent No. 1. All of them have been shown as voters under numbers 112, 120 and 122 of the roll, though Maulvi Abdul Latif paid no union rate in the Gala union.

(3) The petitioner further begs to point out that Badaruddin Shikder No. 17, lives in joint family with his son Altafuddin Shikder, who has been made a voter under No. 121, though he did not pay any union rate.

(*ii*) Munshi Intaz Uddin Biswas, uncle-in-law of Respondent No. 1, is the President-Panchayet of Putail union. He has also for reasons stated above, in order to help the election of Respondent No. 1, registered as voters in the electoral roll of Putail union the following persons not qualified to be voters under the rules and regulations referred to above :—

Vendo Bepari No. 2, Ado Sarker No. 5, Hakim Ali No. 71, Sabar Shekh No. 89, Inu Paramanik No. 109 paid less than Rs. 2, and Shikim Ali No. 67, Madari Sheik No. 99, Sebarat Bepari No. 113, Rustum Shekh No. 120, Moniruddin Mallick No. 125, paid no union rate in the year previous to the year of election.

(*d*) That the provisions of the Regulation XXXIV were violated inasmuch as Babu Sasanka Bhusan Ray, President-Panchayet of Balla union and an Honorary Magistrate who presided over the election at Maluchi and Shivalaya centres, did not himself put the mark on the ballot papers according to the direction of illiterate voters of those centres, but had it done by Maulvi Afel Uddin Ahmed, a probationary clerk of the Dacca Collectorate who was in a separate compartment and away from the Presiding Officer.

(*e*) That the Presiding Officer of the Lauhajang centre came to the polling station at Lauhajang School at about 11-30 A.M. though time fixed for commencing the election was, under rule 11 (*2*) (*c*), 10-30 A.M.

8. That the petitioner is a Muhammadan and about 55 years of age. He is an inhabitant of Hajinagar, police-station Harirampur, district Dacca. He paid more than Re. 1-8 as municipal tax during the year preceding the year of election in the Gaibandha Municipality in Rangpur district where he had been serving as Sub-Registrar under Government. He was in the previous year also assessed to income-tax and he paid it. The petitioner's name was duly registered in the Electoral Roll, and his nomination was duly proposed and seconded by registered electors, and the Returning Officer granted a certificate of scrutiny and delivery. The petitioner was fully qualified to stand as a candidate for election as a Member of the Bengal Legislative Council from the Dacca West Rural Muhammadan constituency.

9. That the petitioner firmly believes that he would have been returned as a successful candidate if the Respondent No. 1 had not procured votes by the illegal means noted above.

10. A sum of Rs. 1,000 in 10 Government Currency notes, numbered R E/33 87363, R E/55 88060, Q E/24 45991, M E/26 83325, R E/53 50333, R D/2 62652, Q E/1 39309, Q E/37 65149, R E/56 11515, R D/94 03645 is enclosed herewith.

11. That your petitioner therefore humbly prays :—

(*a*) That Your Excellency will be graciously pleased to set aside the election of Respondent No. 1 and declare your petitioner as duly elected.

(*b*) That if Your Excellency consider the election to be vitiated by the aforesaid irregularities, illegalities and corrupt practices Your Excellency may be graciously pleased te set aside the whole election.

(*c*) That for giving relief prayed for above Your Excellency may be pleased to pass any such orders as Your Excellency deems fit and proper.

And Your Excellency's humble petitioner shall ever pray.

RAIHANUDDIN AHAMAD.

Verification.

The facts stated in paragraphs 1, 2, 3, 4 and 8 are true to my knowledge and those stated in the rest of the petition are true to my information and belief. I sign this verification on this, the 31st day of December 1926, sitting at the house of Maulvi Amir Ahmad, Deputy Superintendent of Police, at Brahmanbaria in the district of Tippera.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third Forecast of the Wheat Crop of Bengal, 1926-27.

(NOTE.—On an average of the five years ending 1924-25, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India, and (*b*) in the territory now reported on has, in the five years ending 1924-25, averaged (*a*) 40·7 and (*b*) 14·6 per cent., respectively.)

Character of the season.—Since the issue of the second forecast in February last, the crop has improved a little in the districts of Burdwan, Birbhum, Bankura, Rajshahi and Dinajpur as a result of occasional rainfall while in other districts the outturn is reported to be the same as in the second forecast. On the whole, the season may be regarded as a fairly favourable one for the crop.

Acreage.—According to the estimates of District Officers, the total area sown is 129,300 acres this year as against 130,400 and 130,500 acres reported, respectively, in the corresponding and final forecasts of last year.

Outturn.—The provincial outturn, as worked out from district estimates, is 81 per cent. of the normal as against 70 and 69 per cent., respectively, in the corresponding and final forecasts of last year.

Taking the normal yield to be 8¼ maunds per acre, the gross yield of the crop for the Province is estimated at 32,100 tons this year as against 27,900 and 27,600 tons reported, respectively, in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal.

		Last year (1925-26).	This year (1926-27).	Last year.	This year.		
1	2	3	4	5	6	7	8
Nadia ...	23,100	14,000	14,800	58	67	Middle of March. Normal.	The outturn is anticipated to fall below the normal for want of timely rains during the period of growth.
Murshidabad ...	35,500	28,200	28,500	58	75	Ditto ...	The weather has been favourable since the submission of the second forecast. The outturn is anticipated to fall below the normal owing to damage caused by insect-pests and untimely rainfall in December.
Jessore	3,800	700	700	50	58	Ditto ...	The weather has not been favourable and the outturn is anticipated to be much below the normal.
Burdwan ...	1,600	1,700	1,400	83	75	Ditto ...	The decrease in area is due to want of sufficient rain. Since the submission of the second forecast the weather has been fair except in Asansol where some damage has been done by the recent showers.
Birbhum ...	4,100	2,800	2,700	83	83	March. Normal	There was no rain at the sowing time or just before it, but occasional rainfall since then has been favourable to the growth of the crop. The outturn is, however, anticipated to be below the normal owing to nature of the soil.
Bankura ...	6,500	5,000	5,200	100	108	By the end of February.	Since the submission of the second forecast the weather has been unusually cool and cloudy with some rains which are favourable to the crop and the outturn is expected to be better than what was anticipated when the second forecast was submitted.
Midnapore ...	800	800	800	83	83	Beginning of March. Normal.	The weather has been fairly favourable. The outturn is anticipated to fall below the normal owing to occasional drought in some places after the sowing time.
Hooghly ...	400	200	300	67	100	Ditto ...	The increase in area is due to adequate and timely rainfall. The weather has been favourable. A normal outturn is anticipated.
Rajshahi ...	18,600	10,600	9,100	67	83	March. Normal ...	The decrease in area is due to want of rain in September and October. The weather has been favourable and the crop has improved owing to rains in January.
Dinajpur ...	1,300	1,600	1,600	67	58	Middle of March. Normal.	The weather has not been favourable. The outturn is anticipated to be much below the normal.

Darjeeling ..	2,500	2,500	2,500	92	92	End of March ...	The weather has been fairly favourable.
Rangpur ...	3,400	3,900	3,900	100	100	First week of March. Normal.	The weather has been favourable and a normal outturn is expected.
Bogra	100	300	300	30	50	March. Normal	The weather has been favourable but the outturn is anticipated to be much below the normal as the soil is not suitable for the cultivation of the crop.
Pabna	8,800	6,500	6,500	100	100	End of February. Normal.	The decrease in area as compared with the second forecast is due to revised estimates received from the reporting officers. The weather has been favourable and a normal outturn is expected.
Malda	43,000	44,200	43,500	66	83	Middle of March. Normal.	The weather has been fairly favourable. The outturn is anticipated to fall below the normal owing partly to unfavourable weather after sowing time and partly to damage caused by drought in some parts.
Dacca ...	4,100	3,500	3,500	82	85	March. Normal	The weather has been favourable on the whole, and a normal outturn is anticipated.

Faridpur ...	2,700	2,800	2,800	64	51	March. Normal	The weather has not been favourable. Untimely rains have been detrimental to the growth and outturn of the crop.

RESOLUTION ON THE SURVEY AND SETTLEMENT REPORTS FOR THE YEAR ENDING THE 30TH SEPTEMBER 1926.

CALCUTTA, THE 6TH APRIL 1927.

RESOLUTION No. 5432 L.R.

READ—

The survey and settlement reports for the year ending the 30th September 1926.

During the year under report the Director, Eastern Circle, Survey of India, inspected the traverse work in the Sundarbans and the Director, Map Publication, inspected the Drawing and Map Reproduction Sections of the Bengal Drawing office with satisfactory results. Various valuable suggestions for improvement made by these expert officers are being carried out.

2. The traverse parties surveyed an area of 830 square miles in Murshidabad and Birbhum and 824 square miles in the 24-Parganas. The area surveyed in the district of Birbhum offered no special difficulty, but the area in the 24-Parganas contained numerous tidal khals and scattered blocks of dense jungles on the border of the Sundarbans, which made progress difficult. In Chittagong, the whole of the Cox's Bazar subdivision was traversed, the changes in the area since Allen's maps were prepared having been much more extensive than in the Sadar subdivision, where the work began from the stage of khanapuri. A special traverse survey was made of about 16 square miles of the Southern Salt Lake for the Corporation of Calcutta, which paid the cost.

3. The major settlement operations were in full swing in the districts of Murshidabad, Birbhum and the 24-Parganas. The settlement operations of the districts of Bankura and Jessore were closed during the year whilst those of Khulna, Nadia and Pabna-Bogra reached their last stages. No new district was undertaken during the year.

4 Record-of-rights has now been completed in 46,915 square miles out of the total area of 65,775 square miles in the province to which the Bengal Tenancy Act applies. The settlement maps and records continue to be utilized to a large extent in almost every branch of the administration. The receipts from sales of printed khatians and maps in the districts in which settlement was completed some years ago, are still going up, and no higher test could be had of the value of the settlement records to the Courts and to the public.

5. Khan Bahadur M. A. Momen was in charge of both the Survey and Settlement Departments from the beginning of the year till the 19th November 1925, and again from the 19th August 1926 till the end of the year. During the remaining period Mr. A. K. Jameson, I.C.S., was in charge. The Governor in Council has much pleasure in acknowledging the care and ability with which these officers have managed the two departments, and the comprehensive and interesting report submitted by Mr. Jameson. His Excellency in Council is also pleased to direct that the good work done by the Survey officers Messrs. C. A. O'Donel and I. Newton and the Settlement officers Messrs. L. R Fawcus, B. E. J. Burge, J. B, Kindersley and Rai B. B. Mukherji Bahadur, as also by the other officers mentioned in the concluding paragraphs of the Survey and Settlement reports, be noted.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette.*

Secretary to the Government of Bengal.

(*4*) The provisions of sub-rule (*1*) shall apply *mutatis mutandis* in the case of documents presented before a Registrar. In such cases there shall be no appeal to the Registrar from an order passed by himself.

Wilful refusal or neglect to attend and admit execution.

54. A registering officer shall record his order of refusal to register a document under section 35 as soon as he is satisfied that the summons has been served according to law and the executant has refused or neglected to appear on the appointed date.

Registration of documents executed by several persons.

55. In the case of a document executed by several persons, who all appear before the registering officer, if any of the executants deny execution, the deed shall be refused registration in respect of him and registered in respect of those who admit. If some of the executants appear and admit execution and others do not appear, the document shall be registered in respect of those who admit, and registration shall be refused as regards others.

Application of rule 52 to documents executed out of British India.

56. (*1*) The procedure prescribed by rule 52 shall apply also in the case of documents referred to in section 26, with this exception only, that the period of four months referred to in that rule and any extended period allowed under the proviso to sub-section (*1*) of section 34 must be reckoned from the date of the arrival of such documents in British India, and not from the date of their execution.

(*2*) Such documents shall not, under any circumstances, be admitted to registration more than eight months from the date of their arrival in British India.

Procedure regarding documents executed partly in British India and partly out of it.

57. In the case of a document executed by some of the parties in, and by others out of, British India, the party presenting the document may proceed at his option under section 23 or section 25 instead of under section 26, and if he does so, the provisions of those sections shall apply.

Registration of a document more than four months after its execution.

58. (*1*) When a document is presented for registration or the execution thereof is admitted more than four months after execution, and the Registrar decides that the document should be admitted to registration, he may either—

(*a*) register the document himself, in which case the extra fee prescribed in Article H of the Table of Fees prepared under section 78, as well as the penalty imposed under section 25 or the proviso to sub-section (*1*) of section 34, as the case may be, shall be levied ; or

(*b*) direct the registration of the document, on payment of the said penalty, by any Sub-Registrar in whose office it could have been registered if presented within the said period of four months.

(*2*) In such cases the date on which application was made to the Registrar for his decision shall be regarded as the date of presentation.

Record of reasons for refusal to register.

59. (*1*) When a registering officer records, under section 71 or section 76, his reasons for refusing to register a document, the record must be made in Register-book No. 2 (Form No. 2 in Appendix I) with his own hand, the reasons being fully and clearly stated.

(*2*) If the reasons include the fact that one out of several executants declines to comply with the requirements of the law, his name must be given ; if the registering officer is doubtful as to the identity of a party admitting execution, the grounds of his doubt must be stated.

CHAPTER IX.

Administration and Record of Oaths.

Oath when to be administered.

60. The discretion reposed in the registering officer by section 63 to administer an oath shall not be exercised unless he doubts the truth of any verbal statement made to him.

NOTE.—By virtue of section 3 (*36*) of the General Clauses Act, 1897, "oath" includes affirmation and declaration in the case of persons by law allowed to affirm or declare instead of swearing. As to who may affirm, *see* section 6 of the Indian Oaths Act, 1873.

Form of oath or affirmation.

61. An oath or affirmation administered by a registering officer under the provisions of section 63 shall be administered according to the form of oath or affirmation prescribed by the High Court of Judicature at Fort Willaim in Bengal for witnesses under section 7 of the Indian Oaths Act, 1873 (X of 1873), and reproduced in Appendix III.

Oaths to be recorded separately.

62. Statements made on oath shall not be recorded on the document to which they relate, but shall be recorded by the registering officer in his own hand in separate sheets bound together in a patent file, and a note to the effect that the statements have been so recorded shall be endorsed on the document itself.

CHAPTER X.

Procedure on the admission of a Document to Registration.

Document to be copied after admission of execution.

63. When all the persons executing a document, or their representatives, assigns or agents, have appeared and admitted its execution, the documents shall be copied into the appropriate book.

Procedure of registration of documents presented in duplicate, triplicate, etc. copies.

64. When two or more copies of the same document are admitted to registration at the same time, each copy shall be separately numbered in the fee and the Register-books. All endorsements shall be written upon each copy, but it shall not be necessary to copy the documents more than once in the Register-book. So far as the duplicate, triplicate or other copies are concerned, only the endorsements (including the stamp-vendor's endorsement) and the *kaifiyat*, if any, on them shall be copied. A note shall, at the same time, be made in the central portion reserved for the copy of a document in the book, showing the number, volume and page of the register in which the original has been copied.

Copies of maps or plans referred to in section 21, sub-section (4).

65. The copies of maps or plans which are required by sub-section (*4*) of section 21 to accompany documents must be attested as true copies by the signatures of the persons executing such documents, or by the signatures of their agents. The original maps or plans contained in the documents must, on acceptance of the documents, be signed, dated and sealed by the registering officer.

Copies of maps or plans contained in a document brought for re-registration.

66. When a document containing a map or plan is presented for re-registration under section 24, the parties need not deposit fresh copies of the map or plan under sub-section (*4*) of section 21 ; but the registering officer shall certify, on re-registration, against the copy of the document made in the Register-book that the map or plan attached to it is the same as the copy of the map or plan which was filed with the document on its first presentation.

Procedure of re-registration of documents.

67. A document tendered for re-registration shall be treated in all respects as if it was a new document. It shall be recopied in its altered form and full fees shall be levied. If there be insufficient room on the back of the document for the new set of endorsements required, they shall be written or continued on a separate piece of paper as provided in rule 74 ; only the endorsements, including the certificate of admissibility under rule 43 on each registration, shall be copied on the left-hand margin of the book, previous endorsements already made on the document being copied in *red* ink in the body of the copy in the order in which they appear on the original deed.

Translations and copies.

68. (1) The translations and copies of documents required by sections 19 and 62 shall be made on cartridge paper.

(*2*) Such translations and copies shall be kept in a separate file, a reference being made to the said file on the right-hand margin of the page on which the translation is copied in the book.

(*3*) The said file shall be bound from time to time when it contains a sufficient number of translations and copies to form a volume.

(*4*) When translations are made, the endorsements referred to in rules 43, sub-rule (*1*) of rule 46 and section 60, and the entry referred to in sub-rule (*1*) of rule 45, shall be copied on the left-hand margin of the page of the register book into which the translations are copied.

Copyist and comparer to sign their names in registers.

69. (*1*) The copy of every document in a register-book shall be compared with the original by some person other than the copyist, and the copyist and comparer shall append their signatures in full, with their designation and date below each signature, to the copy in the book, using, respectively, the words "Copied by" and "Compared by"; and the reader and the Sub-Registrar shall likewise put their signatures in the copy with the date.

(*2*) The copyist, reader and comparer of the endorsements shall likewise be required to sign and date in the left-hand margin.

Reading and comparing to be done independently of the copyist, if possible.

(*3*) Whenever the staff is sufficient, the reading and comparing shall be done independently of the copyist, and the latter shall neither read nor compare what he has copied.

Interlineations, blanks, erasures, alterations and corrections.

70. Interlineations, blanks, erasures and alterations in a document must not be copied as such, but must be noted by the registering officer as required by sub-section (*2*), of section 20, even though they may have been incorporated in a duly attested note or *kaifiyat* on the document itself.

Procedure when document is copied in a wrong book.

71. (*1*) When a document is erroneously copied into a wrong book, the register copy of the certificate and endorsements already made on the document shall not be cancelled, but the Registrar may direct, under section 68, that a copy of the document with the certificate and endorsements thereon shall be made in the appropriate book without additional charge. A document so copied shall be given the number assigned to the last previous document in the book to which it is transferred with the letter "S" attached.

(*2*) In the circumstances described in sub-rule (*1*), a certificate under section 60 or a final certificate, in the following form, shall be given on the left-hand margin of the book in which the document is recopied and, if possible, on the document below the former certificate :—

"Registered again under the orders of the Registrar of No. , dated 19 , as Document No. S., in Book No. . Volume , Page ."

SEAL. *Signature of the registering officer.*

(*3*) A cross-reference shall, in such a case, also be made on the right-hand margin of the original entry of registration in the wrong book in respect of the copy in the appropriate register.

(*4*) If the error in copying is discovered after the document has been returned after registration, the same procedure shall be followed, a note being made in the margin of the copy in the wrong book, of the volume and the page of the appropriate book into which the contents are re-copied.

(*5*) In both of the cases referred to in sub-rules (*1*) and (*4*), fresh entries must be made in the appropriate indexes, without cancelling the original entries made in those indexes.

Procedure of correct registration of a document registered in a wrong office in contravention of section 28.

72. (*1*) When a document relating to immoveable property is registered through inadvertence in contravention of section 28 the registering officer shall instruct the executant of the deed and the claimant thereunder to obtain a direction under section 68 for its registration from the Registrar of the district in whose jurisdiction the proper office is situate.

(*2*) When such direction is received, the registering officer concerned shall register the document without levy of any fee, and shall refer to the order of the Registrar in the endorsement of presentation.

(*3*) The registering officer in whose office the document was originally registered shall follow the procedure prescribed by sections 64 to 66 and shall forward to the proper office, free of charge, a copy or a memorandum of the document. The receiving officer shall file the copy or memorandum in his file-book No. 1.

Form of final endorsement of registration.

73. When a document has been copied into a book and compared, the registering officer shall sign and date the true copy in the register and make, in Form No. 4 in Appendix II, the endorsement thereon required by section 60. The registration of the document shall thereupon be deemed to be complete.

Making endorsements on separate paper.

74. (*1*) When there is no room on a document for the necessary endorsements, they shall be made on a separate quarter sheet of machine-made medium paper, which shall be supplied by the registering officer and shall be attached to the document, an explanatory note being at the same time made on the document itself and signed by the registering officer.

(*2*) Every piece of paper so added must bear the seal of the registering officer and must be signed and dated by him.

Printed or lithographed forms for documents in a common form.

75. (*1*) Any person having occasion to register any considerable number of documents in the same form, such as leases, agreements or bonds, may deposit in any registration office any number, not less than fifty, of printed or lithographed forms of such documents.

(*2*) Such forms must be printed or lithographed lengthways on machine-made paper of medium size. Blank spaces must be left in the body and at the foot of the form for filling in names, amounts of money, areas, boundaries, and any other required particulars. A margin must be left, of one inch, on the left-hand side for binding. No margin shall be necessary for copying endorsements, as in the case of other registers; but the forms must contain a

blank space, of not less than one side of a half sheet of the paper, on which the endorsements are to be copied.

(*3*) Before use such forms must be bound into volumes and paged in the Registration office and a certificate as to the number of pages contained in a volume must be written on it and signed by the registering officer. One volume shall be kept for each depositor, and his name shall be noted outside. The volumes shall be numbered and shall be treated in all other respects as volumes of Register-book No. 1 or Register-book No 4, as the case may be.

(*4*) On the presentation of a document which is an exact duplicate of any form deposited and is executed by, or in favour of, any one of the depositors, it shall be copied into the volume appropriated to that depositor's forms, that is to say, the blank spaces in the form previously deposited shall be filled up so as to make it an exact copy of such document.

(*5*) Priority must be given to the registration of documents presented under this rule, and every endeavour must be made to return the document to the presentants thereof before they leave the office.

Supplementary document.

76. (*1*) When owing to an error or omission in any document which has been registered, a supplementary document rectifying such error or omission is presented for registration, a note of such rectification shall be made in the margin of the register in which the original document is registered in the form "This document has been rectified by document No. of 19 , volume , page . . . . . of . . . . . (name of office)."

(*2*) If the volume in which the original document was copied has been sent to the Sadar Record room, the Sub-Registrar by whom the deed of rectification has been registered shall write to the Sadar Sub-Registrar requesting him to make the necessary note of rectification in the appropriate register, which he shall do under his signature.

Prompt return of documents after registration.

77. (*1*) Documents must be promptly returned, after registration, to the presentants or other persons authorized to receive them, and the receipts returned by the parties must be pasted on to their respective counterfoils.

(*2*) Every endeavour must be made to return documents on the date noted on the receipt granted under clause (*b*) of sub-section (*1*) of section 52, as the probable date of return.

(*c*) the allowances and scales of compensation payable to volunteer police officers or their dependants under section 11; and

(*d*) any other matter which is to be or may be prescribed or in respect of which the Local Government considers that provision should be made to give effect to this Act.

STATEMENT OF OBJECTS AND REASONS.

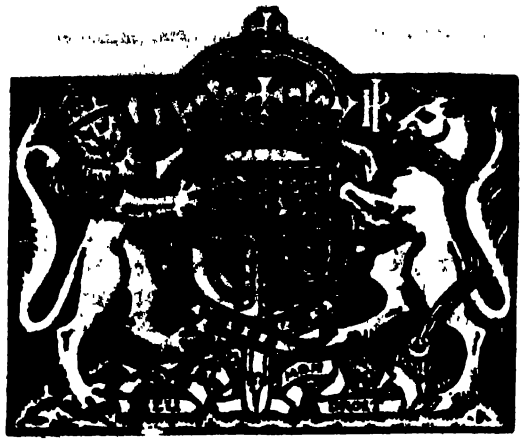
The Government of India have had under consideration the provision of means for employing men of good will, on suitable occasions and under suitable conditions, in the preservation of law and order. It has been represented to them that not enough has been done to enable citizens of this country to assist the cause of the public peace, to which, it is suggested, they are less indifferent than is commonly considered the case. Accordingly, with a view to encouraging the growth of a civic sense, Government have in the Bill devised means of enabling the public to co-operate if they so desire with the regular police force.

2. Occasions have arisen in the past when the police force in districts has been subjected to almost intolerable strain or even reduced to a state of exhaustion. The possibility of the recurrence of such occasions in the future cannot be disregarded, and Government, therefore, while attaching importance to the educational value of co-operation by private citizens in assisting in the maintenance of law and order, desire also to provide for a material accession of strength as occasion may require and the good will of citizens may facilitate.

3. The Bill, therefore, empowers District Magistrates in those provinces in which the Local Government may have brought it into force, and under the general and special control of that Government, to constitute temporary volunteer police forces for use within the district. It also enables similar action to be taken in Presidency-towns. It is necessary to proceed by way of legislation in order to invest volunteer police officers with statutory powers, duties and privileges.

4. The volunteer character of the force is secured by provisions for appointment of only such persons as are fit and willing to be appointed, and it will be maintained by the provision for voluntary resignation, subject to due notice. In order to throw the force open to all classes in the community, middle-aged and young, educated and uneducated, the Bill provides for the entertainment of police officers of various ranks and not merely constables All appointments will be honorary, but provision is made for allowances for out-of-pocket expenses, and for compensation for illness or injury.

5. The purposes for which the force will be entertained are the preservation of the public peace, the protection of the inhabitants and the security of property in the part of the country where it is appointed. The duties of volunteer police officers will be only those which are strictly ancillary to these purposes, and will not include investigation or prosecution. In the discharge of these duties the volunteer police will have the powers, privileges and protection of a regular police officer appointed under the Police Act, 1861.



6. The scheme to which the Bill gives shape contemplates that the volunteer force should not only include rank and file, but should also find its own officers. It is nevertheless of the essence of the scheme in its educational aspect, and of prime importance for administrative purposes that the force should be closely co-ordinated with the regular police and should be controlled by professional officers. It is proposed to effect these objects by placing the force under the direction and control of the Superintendent of Police and by subjecting every volunteer police officer to the lawful orders of any volunteer police officer superior to him in rank and of any regular police officer to whom he is, under the orders of the Superintendent of Police, subordinate. But the members of the force will not be subject to the control of any subordinate officer of the regular police lower in rank than an officer in charge of a police-station.

Provisions regarding discipline are as simple as possible. Departmental punishments will be limited to reduction in rank, discharge or dismissal. Otherwise discipline will be maintained by the imposition of a fine on conviction at a judicial trial.

PUBLIC HEALTH.

Minister-in-charge : The Hon'ble Hadji Mr. A. K. Abu Ahmed Khan Ghuznavi.

No. 857 P.H.—The 19th April 1927.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules subject to which the Commissioners of the Raniganj Municipality in the district of Burdwan may allow communication pipes to be laid down from the service pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only :—

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water rate imposed under the provisions of part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 100, to lay down communication-pipes from the service pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions :—

1. The owner or occupier of any holding whose annual value is not less than Rs. 100 requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply must apply for the same on a printed form to be supplied on payment of one half-anna per form, at the Municipal office.

2. A fee of Rs. 150 must be paid to the Commissioners by such owner or occupier for each connection before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection and extensions from the communication-pipe of one holding to another shall not be permitted.

Provided that with the consent of the Commissioners in meeting connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a street or common passage and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding.

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto.

4. The owner or occupier of the holding in respect of which the connection is required, must pay the entire cost of the connection, including the supply and fixing of

the fittings referred to in rule 7, and must also pay the cost of such alterations in or repairs to, roads, drains, sewers, gas or water mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the Municipal water works or system of distribution or by the defective condition of the connection or any part thereof or by any other cause whatever.

6. (1) The works required under rules 4 and 5 may be carried out by the Commissioners themselves or by a person or firm employed by the Commissioners at the expense of the owner or occupier of the holding in respect of which the works are required.

(2) No work shall be carried out under sub-rule (*1*) except under the supervision of a Municipal officer.

7. A holding connection shall comprise the following parts of fittings :—

(*a*) A brass or gun-metal ferrule inserted in the main supply-pipe ;

(*b*) a galvanized iron communication-pipe from the ferrule to the meter ;

(*c*) a stop-cock and its surface-box ;

(*d*) a meter ;

(*e*) service-pipes from the stop-cock to the taps ;

and (*f*) taps.

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fittings so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position must be capable of standing a pressure of 100 feet and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (*a*) and (*b*) of rule 7, and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows :—

Annual valuation of holding.	Sizes of ferrule.	Diameter of communication pipe.	Number of taps.
Rs. Rs.	Inch.	Inch.	
Under 200 ...	¼ ...	½	1

„ 2,000 and over an extra tap for every additional Rs. 1,000 and when necessary, a corresponding increase in the size of ferrule or tee piece on the municipal main and in the diameter of communication-pipe.

11. (1) On every communication-pipe a brass or gun-metal stop-cock having the same water-way as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface box of approved pattern.

13. Neither the stop-cock nor the meter must be placed in any private premises.

14. The Commissioners shall depute an authorised person to read every meter not less than once a quarter, and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

15. (1) Every owner or occupier of any holding, in respect of which a connection has been made, under these rules shall be entitled to a supply of—

(*a*) two thousand gallons of water per quarter for each rupee, and

(*b*) a further proportionate number of gallons per quarter for every additional fraction of a rupee, paid by him quarterly as water rate in respect of such holding.

16. The Commissioners may cut off the connection between any water-works of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely :—

(*a*) if the holding is unoccupied,

(*b*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorized under this Act, or under any by-law or rule framed under this Act, or prevents such officer from making such examination or inspection ;

(*c*) if the owner or occupier of the holding touches or interferes with his meter in any way except with the permission of the Chairman, or wilfully or negligently injures or damages it,

(*d*) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood,

(*e*) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same.

(*f*) if the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes or any other works in connection with the water-supply not authorized by these rules ;

(*g*) if the pipes, taps, ball-cocks, cisterns or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or a state of disrepair :

The inlet to every such cistern, tank or reservoir must be controlled by an efficient ball-cock so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

19. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

The normal surplus which may be expected in future, *i.e.*, difference between the average ordinary income and the expenditure calculated on the figures in columns 18 to 15 and 17 to 19, respectively.

In addition to the details required on the reverse clear information should be given under the following heads :—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan the particular steps which the District Board has taken or has agreed to take to make good the deficiency.	(*a*) It has been stated in paragraph (*d*) that the interest together with the capital would be met out of the sum annually set apart for improvement of rural water-supply in the district. Virtually there is no deficit if the closing balance of the previous year is taken into account.
(*b*) Possible means of income in the revenue of the District Board.	(*b*) The settlement has nearly been over. The District Board expects a substantial increase to their income at the next re-valuation.
(*c*) A statement of all outstanding loans as well as the annual charges involved on their account.	(*c*) (1) Loan of Rs. 40 000 taken on 20th March 1923, out of which six instalments of Rs. 1,873-1-6 each were paid up to date out of forty instalments. (2) Loan of Rs. 30,000 taken on 14th February 1925, out of which only two instalments of Rs. 1,404-13 each were paid up to date out of forty instalments. (3) Loan of Rs. 30,000 taken on 11th March 1926 out of which no instalment has yet been paid.
(*d*) Any explanation in regard to receipts and expenditure to show the true financial position of the Board when such is otherwise than the ordinary surplus would indicate.	(*d*) Rupees 14 633 has been provided in the current year's budget out of the sum of Rs. 24,000 available annually for the improvement of water-supply under 45—Civil works, and the balance of Rs. 9,367 has been provided under head "Repayment of Loan." If the loan is granted there would be no difficulty in meeting the charges out of above sum.

"(*3A*) No rule shall be made unless the draft thereof has been referred to every Mining Board constituted in the province for which it is proposed to make the rule, and unless each such Board has had a reasonable opportunity of reporting as to the expediency of making the same and as to the suitability of its provisions ".

STATEMENT OF OBJECTS AND REASONS.

The weekly hours of work for persons employed in mines are limited to 60 in the case of persons working above ground and to 54 in the case of persons working below ground. But there is no statutory limit on the daily hours of work, so that, for example, there is nothing to prevent a miner from being employed for 17 or 18 hours in one day. During the debates in the Legislative Assembly on the Mines Bill (which afterwards passed into law as the Mines Act, 1923) a proposal was made to place a direct limitation on the daily hours of work. The proposal was rejected, but the Hon'ble Sir Charles Innes on behalf of Government promised to examine, in consultation with Local Governments, the question of introducing a compulsory system of shifts in mines. The main part of the present Bill is the outcome of this examination.

2. While the primary object of the Bill is the imposition of a limitation on the daily hours of work, it must not be supposed that hours of work in mines are generally excessive. It is probably the case that in few mines do the miners maintain a standard of more than eight hours' work daily on the average ; and it is not anticipated that the Bill, if passed, will have any appreciable effect in reducing hours of work. The main advantages which the Bill is designed to secure are of a different character. The present system (or lack of system) in many mines encourages miners to spend long hours underground and makes satisfactory supervision difficult. It tends to increase the number of accidents in several ways, and it diminishes the potential efficiency of the Indian miner. The shift system has been introduced with success in a number of mines, and it would probably be introduced more generally without compulsion were it not for the danger that labour may gravitate to those mines where restrictions are absent. That danger will disappear when regularity in working hours is made the general rule, and it is believed that the system now proposed will be to the general advantage both of the mineowner and the miner.

3. There is no suggestion from any quarter that a limitation should be imposed on the hours within which work may be carried on in a mine, and it is intended that mineowners should be at liberty to carry on work for the whole 24 hours. If the mineowner is willing to restrict the total hours of work to the limit that may be prescribed for the individual worker, the declaration beforehand of the hours within which the mine is to be worked is sufficient to enable control to be exercised over working hours. But when a mineowner desires that the mine should be worked for a longer period than the daily limit prescribed for the individual worker, the enforcement of a system of shifts is essential if control has to be maintained. Further, the Government of India are satisfied that, if effective control is to be exercised, it is necessary that the shifts should be so arranged that they do not overlap. In other words, if the workmen of any particular class, *e.g.*, coal cutters, are to be divided into a number of shifts, not more than one such shift should be employed in the mine at the same time.

4. If this is accepted, it means that there are only two shift systems which can reasonably be considered. These are the two-shift system, in which the limit of each shift is 12 hours and the three-shift system in which the limit is 8 hours. The three-shift system is already in force in a few mines in India ; but the Government of India consider that it is, at present at any rate, out of the question to enforce an 8 hours' day in Indian mines. They have therefore reached the conclusion that it is impracticable at present to attempt to fix a lower limit for the daily hours of work than twelve. Under the Bill, if passed, mineowners will have the option of (1) limiting the hours of working over the mine as a whole to 12 daily, and (2) introducing a system of shifts, not exceeding 12 hours each, so arranged that the hours under two shifts of the same type of worker do not overlap. The detailed provisions by which this end is to be secured are explained in the Notes on Clauses, where an explanation is also given of clause 7 which is unconnected with the main part of the Bill.

NOTES ON CLAUSES.

Clause 1.—It is considered desirable that, even after the Bill is passed, mineowners should have a period of grace in which to make the adjustment that will be necessary in many mines. It is therefore proposed that the Bill should not be brought into operation until 1st April, 1930.

Clause 2.—The amendment proposed makes it unlawful to employ any person for more than 12 hours in any consecutive 24 hours.

Clause 3.—The new section 23A enforces the introduction of shifts in all mines working for more than 12 years out of 24. Section 23B is designed to allow for a periodical change of shifts, necessary wherever the workers are not to be compelled to work within the same hours (*e.g.*, night hours) for indefinite periods. Section 23C provides for the notices necessary to enable the inspecting staff to enforce the Act.

Clause 4.—Section 24 of the main Act exempts the supervising staff from the provisions limiting hours of works and section 25 enables the manager to employ labour in contravention of these provisions in the case of an emergency on work necessary to protect the safety of the mine or the workers in it. This clause is rendered necessary by the introduction of the new section 23A.

Clause 5.—This provision is required to prevent the evasion of the limitations on hours of work which would be possible if double employment were permitted.

Clause 6.—Section 28 of the main Act provides for the maintenance of a register of workers and their hours of work. The first amendment to it is consequential on the introduction of the shift system: the second is necessary for the enforcement of the restriction on daily hours; and coupled with the new section 23C, gives the inspecting staff what is required to enable them to ascertain whether the law is being observed or not.

Clause 7.—Under the existing law, all regulations and rules have to be referred to Mining Boards before they are published for criticism. It has been brought to the notice of Government that in the case of rules, which are made by Local Governments, this provision leads in some cases to unnecessary delay, and that Mining Boards may, on occasion, more suitably be consulted after criticisms have been received from the general public. The proposed amendment will give Local Governments the power to consult Mining Boards at the stage which appears best to them. No change is proposed in the law relating to regulations, which are framed by the Government of India.
